Question: 10

Which of the following cloud delivery models provides the least amount of administrative control for cloud consumers? Select the correct answer.

- A. Software-as-a-Service (SaaS)
- B. Platform-as-a-Service (PaaS)
- C. Infrastructure-as-a-Service (IaaS)
- D. The listed cloud delivery models provide the same level of administrative control for cloud consumers.

Answer: A

Question: 11

Which of the following characteristics of a software program enables an instance of the program to serve different consumers, with each of these consumers isolated from one another? Select the correct answer.

- A. multi-user
- B. multitenancy
- C. multi-device broker
- D. elasticity

Answer: B

Question: 12

Which of the following types of organizations can assume the role of cloud resource administrator for a cloud service? Select ALL THAT APPLY

- A. A cloud consumer organization that owns the cloud service.
- B. A cloud provider organization that owns the cloud service.
- C. A third-party organization contracted by the cloud consumer to administer the cloud service.
- D. A third-party organization contracted by the cloud provider to administer the cloud service.

Answer: A,B,C,D

Question: 13

Which of the following statements accurately describes the level of administrative control a cloud provider has over an environment (residing in the cloud provider's cloud platform) based on the Infrastructure-as-a-Service (IaaS) delivery model? Select the correct answer.

- A. Full administrative control over physical hardware, physical network, storage devices, and virtualization platforms.
- B. Full administrative control over physical hardware and physical network, and limited administrative control over storage devices, virtualization platforms, virtual servers and databases.
- C. Full administrative control over physical hardware, physical network, storage devices, virtualization platforms and virtual servers, and limited administrative control over databases and service implementations.
- D. The cloud provider has no administrative control in this scenario.

Answer: A

Question: 14

Private clouds can effectively extend on-premise infrastructure to IT resources that are physically isolated in the private cloud environment and remotely accessed via a virtual private network. Select the correct answer.

- A. True
- B. False

Answer: A

Question: 15

Which of the following are common benefits of cloud computing? Select the correct answer.

- A. Reduced Investment and Proportional Costs
- B. Increased Scalability
- C. Increased Availability and Reliability
- D. All of the above.

Answer: D

Question: 16

A _____ is a distinct and remote IT environment designed for the purpose of remotely provisioning scalable and measured IT resources. Select the correct answer.

- A. public cloud
- B. private cloud
- C. community cloud
- D. All of the above.

Answer: D

Question: 17

A service must be Web-based for it to be considered a cloud service. Select the correct answer.

- A. True
- B. False

Answer: B

Question: 18

A(n) _____ cloud is owned by a single organization. It enables an organization to use cloud computing technology as a means of centralizing access to IT resources by different parts of the organization. Select the correct answer.

- A. public
- B. on-premise
- C. private
- D. None of the above.

Answer: C

Question: 19

Which of the following represents the cost incurred to raise required funds for new IT resource acquisitions? Select the correct answer.

- A. on-going costs
- B. cost of capital
- C. sunk costs
- D. locked-in costs

Answer: B

Question: 20

Over the past two years a cloud service consumers have made 123,456 attempts to invoke a cloud service. Of those attempts, 122,987 resulted in the successful execution of the cloud service. Based on these statistics, the reliability rating of the cloud service is

_____ (rounded to one decimal).Select the correct answer.

- A. 94.6%
- B. 97.0%
- C. 98.0%
- D. 99.6%

Answer: D

SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version** is up to date and contains actual questions and answers.*

Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:

Actual Exam Questions: *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

Exam Dumps: *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

Practice Tests: *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

Guaranteed Success: *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

Updated Content: *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

Technical Support: *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
